

Come Join the Alfa Roadrunners!!!!

What is a Roadrunner?

...a largely terrestrial bird (*Geococcyx californianus*) of the cuckoo family known as a speedy runner, and distinguished by a long tail and crest that inhabits arid regions from the southwestern United States to Mexico.

Who is a Roadrunner?

...a nomadic individual who owns an RV (5th wheel or motorhome) and enjoys good fellowship, fun, companionship, and the exchange of information and ideas to enhance their enjoyment of RVing.

They inhabit all areas of the United States and Canada but are also seen roaming in Mexico.

Become a Roadrunner!

If the nomadic lifestyle intrigues you and the idea of sharing this with other likeminded “soles” having fun while developing friendships during rallies, campouts, potlucks, games, field trips, and the occasional business meeting, you can become a member for a mere \$10 a year by completing and mailing the application on the reverse.

For more information visit our website at: www.alfaroadrunners.net

See you on the road!
